## Google Data Analytics

Those who earn the Google Data Analytics Professional Certificate have completed eight courses, developed by Google, that include hands-on, practice-based assessments and are designed to prepare them for introductory-level roles in Data Analytics. They are competent in tools and platforms including spreadsheets, SQL, Tableau, and R. They know how to prepare, process, analyze, and share data for thoughtful action.

The online specifications named in this certificate may differ in material from courses taught on-campus, but the included courses are recognized as campus courses. Programs in the online space do not claim to be equivalent to all campus programs. This certificate does not confer university grade, course credit or degree, and it does not verify the validity of the names.
